

Capability Statement

As a veteran-owned small business our mission is to provide the highest quality and most cost effective medical and surgical devices and supplies to health care providers. We understand the unique challenges associated with federal health care delivery. We have experience in providing services in that environment to providers and procurement experts throughout out all aspects of the process. We are committed to providing exemplary customer service at each step of the procurement process.

Core Competencies

Here at American Military Medical Organization, LLC, we are a VOSB with considerable expertise in military medicine and VA health care.

We know the challenge of providing top quality equipment and supplies in this marketplace to those who need them: both health care professionals and vulnerable veteran patients.

We are dedicated to providing the most cost effective, quality products for the federal healthcare marketplace and assuring that the acquisition process is both efficient and effortless for our customers.

Differentiators

We were established in 2014 as a veteran-owned small business. After years of experience in military medicine and service as an Army surgeon and additional time as a VA surgeon Chief of Service and VISN surgical consultant, our expertise allows us a unique grasp of the complexities associated with federal healthcare. Our marketing and sales expertise is unique as it places a high value on ethical behaviors, high-quality product relationships, and personal service to the customer.
